Shouldn't we have a joint prosecution agreement ? You should consider calling gene leff on Thursday I can call basil seggos on Monday or Tuesday. It is good to have an efficient sharing of labor , but we can't have NYS doing anything to undercut our work. It was just a few weeks ago that they were handing it all to us

We asked them to wait til we have agreement on how to divvy up the work, but they're getting pressure from the top to go ahead.
